the key to an undoing of erasure is the resonance it leaves behind. let us find the resonance. let it haunt us, let us hunt it. these are times that beg erasure every night. undo what cannot be undone. let's hear how it sounds. one more time, with feeling.

Tatsuya Nakatani, master of resonance, will be in Pittsburgh this Thursday. His prowess for the gong, conception of the bow, and sound that gives the era an aura, will be present at our house. We reside behind church brew works, look for the SHOW sign on the street behind or ask a punk/music nerd.

OR CALL :: 410 350 4027

there will be paens & homages to resonance. group resoundings. there will be sets by Nakatani and local artists:
